
MASTERWOOD WINNER 485 L 5-axis machining center
Masterwood - WINNER 485L

Technical description

Year : 2023

MASTERWOOD Winner 485L 5-axis machining center

Machining range:

- X: 5000mm
- Y: 1820mm (part pass 2000mm max)
- Z: 380mm pass
- Frame 5000mm
- Drilling head 19 chucks with grooving group D max 125mm
- Power ELECTROMANDRIN 12 Kw with liquid cooling
- 22-position rotary tool magazine
- PICKUP 5-position tool magazine
- Schmalz table 8 bars with double vacuum network on Schmalz tables
- 6 rear stops + 2 side stops for plywood panels

MASTERWOOD WINNER 485 L 5-axis machining center

Masterwood - WINNER 485L

Technical description (continuation)

- Predisposition kit for pneumatic locks
- Sensor controlling the retraction of the reference stops
- Chip recovery mat kit
- Automatic device of automatic tool measurement
- 1 vacuum pump of 100m3h
- CE protections with front safety bumpers, photocell and rear grilles
- Cnc BECKHOFF
- Mobile control desk
- Mobile remote control
- MASTERWORK software
- MASTERAT software (For loading parts on the machine)
- ISO/TECNOS converter
- Level 2 3D CAD/CAM module
