### Gannomat Seleкта 252 dovetail gluing machine

#### Gannomat - Seleкта 252

#### Technical description

Gannomat Seleкта 252 dovetail gluing machine Machine description:

- Constant protrusion of the journal
- Precise gluing, always the right amount of glue
- No excess glue so no cleaning of the part
- Automatic rinsing of the gluing system thanks to the EasyClean
- Automatic rejection of journals not having the right diameter or the right length thanks to Auto-DL-Select
- The pins are not inserted to the bottom, the insertion of the journal is adjustable regardless of the depth
- Recoilless insertion and gluing gun, extremely light and ergonomic
- Incredible speed compared to the plastic bottle of glue and the hammer
